ZENON

Intelligent Ergonomics. Effortless Comfort.

Introducing the Zenon – built and design to move with you, Zenon features an integrated self-weight synchronized mechanism that automatically adapts to individual users, providing natural suport, dynamic movement, and all-day comfort. Lightweight, durable, and thoughtfully engineered, Zenon is built to meet the demands of moden workplaces.

Why Zenon?

Automatically adapts to Every User

Zenon's integrated self-weight synchronized mechanism automatically adjusts reclining resistance based on the user's body weight, eliminating the need for manual tension adjustments.

Advance Recline Control

Zenon features a 4-position backrest angle limiter, allowing users to select their preferred recline position while maintaining continous contact between the backrest and user's body.

Ergonomic Adjustability

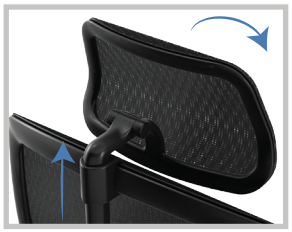

Zenon is equipped with comprehensive ergonomic adjustments to accommodate different users and working styles.

PRODUCT FEATURES

Height Adjustment

- Pneumatic gas lift for smooth seat height adjustment

4D Adjustable Armrests

- Height adjustment (Up & Down), forward & backward, side to side adjustment, swivel adjustment and soft self-skin PU arm pads for enhanced comfort.

Adjustable Headrest

- Height and tilt angle adjustment, breathable mesh design.

Adjustable Lumbar Support

- Height-adjustable lumbar support, available in upholstered PU foam or non upholstered configuration.

Premium Mesh Comfort

- Featuring a high-strength mesh seat and mesh back, Zenon promotes continous airflow and heat dissipation while delivering lasting comfort and support.
